Rev. Romano J. Ferraro—Assignment Record

Summary of Case: Ferraro was arrested on 4/1/02 for repeatedly raping a boy 1973-80 in Billerica MA, starting when the boy was 7 years old. Ferraro was convicted on 5/7/04, when a jury found him guilty of child rape and guilty on three counts of indecent assault and battery against a child under 14. He was sentenced on 5/20/04 to life in prison. Ferraro was a childhood friend of the boy's father and molested the child during annual Christmas visits. The victim had come forward to authorities in late 2001, and it was possible to prosecute because the SOL clock, which precluded bringing charges six years or more after a crime is committed, had stopped with Ferraro out of state. Ferraro denied the charge but admitted at the trial that he was a pedophile predator who had abused perhaps dozens of boys. He also stated that he knew he was a pedophile by 1955, 5 years before his ordination. Earliest abuse alleged in civil suits was 1964-68 but previous assignments suggest earlier problems. Then he was in Key West FL as Navy chaplain 1968-71 in the Miami archdiocese; was dishonorably discharged; and was sued 1/06 for FL abuse. Reassigned, he allegedly abused in the Brooklyn, Rockville Centre, St. Louis, and Metuchen dioceses. A St. Louis man who alleged abuse by Ferraro committed suicide in 2006 after a long struggle with depression. Ferraro was suspended in 1988 after an allegation, but the Brooklyn diocese apparently knew much earlier (see [discussion](#) below).

Knowledge of Ferraro's Pedophilia

The public began to learn about Ferraro's crimes when he was arrested on 4/1/02. But Ferraro's superiors appear to have known about him long before. Diocesan statements at the time of the arrest indicated that a complaint had been received from a family in 1988, and that Ferraro had been put on leave, for reasons unspecified, in 1973. But evidence indicates that the diocese knew even earlier. See especially [Richard Sipe's affidavit assessing Ferraro's record](#).

Priests in a Parish: We use the following convention to show a priest's place among the clergy of a parish: 1/2 means that he is the first priest listed in the *Official Catholic Directory* (usually the pastor) and that there is a total of two priests at the parish. The shorthand 3/4 means that the priest is listed third on a four-priest roster. See our [sample page from the Directory](#).

Note: The *Official Catholic Directory* aims to report the whereabouts of Catholic priests in the United States on January 1 of the *Directory's* publication year. Our working assumption is that a priest listed in the *Directory* for a given year was at the same assignment for part of the previous year as well. However, Kenedy and Sons will sometimes accept updates well into the year of publication. Diocesan clergy records are rarely available to correct this information. The *Directory* is also sometimes misleading or wrong. We have tried to create an accurate assignment record, given the source materials and their limitations. Assignment records are a work in progress and we are always improving the records that we post. Please [email us](#) with new information and corrections.

This assignment record collates Ferraro's career history as it is represented in the *Official Catholic Directory* with his conviction and allegations as they are reported in the media. We make no representation regarding the truth of the allegation we report. We remind our readers that in the U.S. judicial system, a person is considered innocent until proven guilty.

A Note on Nomenclature: We use the term "assignment record," instead of the more common "service record," because "service" is not an appropriate word for the activities of an abusive priest. Dioceses are often less than forthcoming about the activities of retired priests, but when we can determine those activities, we list them in these assignment records, particularly if they involve ministry. Retired priests remain under obedience to their bishop, and even the activities of laicized priests should be a concern to the diocese.
